December 2023

Principal Corner

Parents, thank you for attending this year's Parent Teacher Conferences. Thank you for your support in our book fair as well. This helps to support Beaumont in purchasing more books for our students to use in the classroom. We appreciate all the support and commitment to supporting our school and your student's education. If you were not able to attend conferences, please reach out to your student's teachers to set up an appointment. We want to keep a positive line of communication with our families, so please reach out at your convenience.

Beaumont News

In art class during the first trimester of school, 1st–5th grade Beaumont students worked hard in art class learning about lines, shapes and form, and color and value. We used a wide variety of materials and techniques. We learned a lot and had so much fun creating these projects! Enjoy viewing the [work](#) of your artists.

Our LOST & FOUND is booming. Please visit the rack outside the office to find any items your student may have lost.
