November 2023

Principal Corner

We are fortunate to have a special program called Title I at our school. Title I is a federal program that provides money to school districts to help children become successful learners.

The purpose of Title I is to provide educational services for children who need extra help. Title I serves students and families in 14 public and 10 private schools in Green Bay. Fourteen (14) public Title I schools operate as "school-wide programs". A School-wide program may use Title I funds to serve all students in the school, regardless of academic need. The school must have a specific plan to explain how it will use Title I funds to improve the educational program. At Beaumont School we are working to make improvements in the area of literacy in all grade levels. Our school district is required to review whether our Title I programs are effective. Schools need to show that students are making progress toward meeting the state standards. We hold a meeting each spring to share our progress and goal outcomes with parents. All parents are invited and we hope to see you there. Parent

involvement is a very important part of Title I. Parents are encouraged to be involved in their children's education and to participate in planning the Title I program. Parent participation is required and welcomed. If you are interested in participating in important Title I decisions or have ideas for how we can improve our program please contact your school's principal, Jenna Paal at 920-272-7073.

Beaumont News

The weather is changing. Please remember to have your student bring a hat mittens and a jacket. The snow is about to fly as well. When there is sticking snow, please remember to send your student with snow pants and boots along with their fall outdoor gear.

Our lost and found is booming.
Please visit the rack outside the office during conference time
